Dried fruits from Uzbekistan
We are one of the market leaders

A conscious choice of eco-style living involves not only preserving the environment, but also taking care of one's own health. In this sense, the use of organic products without artificial colors and preservatives becomes an obvious choice. Are you planning to expand the range by offering your client only the most useful things? We have a lot to offer you!

Dried fruits, nuts and mung beans from Uzbekistan

NOMAD AGRO LTD is a major producer and exporter of dried fruits, nuts and mung beans in Uzbekistan and holds a leading position among other companies in the agro-industrial complex of the republic. We produce and sell biologically pure dried fruits from natural raw materials grown in the foothill regions of Uzbekistan without the use of mineral fertilizers and chemicals.

NOMAD AGRO LTD is a full—cycle production of dried fruits. The entire process, from planting to shipping of finished products, is carefully monitored. A whole team of specialists is working daily to ensure that you receive a high-quality product.
